

MINDO 1 DAY

Mindo is a beautiful valley located 2 hours northwest of Quito, behind the Pacific slopes of the Pichincha volcano. This place has a lot of nature and adventure activities. We offer a good mixture of both to give you the best experience.

Once you arrive in Mindo's cloud forest will visit a Butterfly farm and Hummingbird feeders, don't forget your camera. The adventure continues with the Canopying with 13 zip lines of different lengths that range from 20 to 400 mts and with different characteristics for all adventure seekers of all ages. If you prefer a another activity, we also have another option of trekking across the cloud forest to visit a waterfall and a ride in a "Tarabita"(Cable tram). After all these exciting activities will break for lunch. Afterwards will leave Mindo towards Quito but first will visit another special spot to view hummingbirds, butterflies and possibly we can spot some Tanagers and Toucans.

INCLUDED ON THE TOUR: Transportation from Quito to Mindo and way back. Bilingual Guide. Lunch
